

## **Part-time to Full-time Mobile Veterinarian**

Looking for a part-time veterinarian to add to our team. Vet Valet is a PRIVATELY owned mobile veterinary practice based in the Boston metro-west area, servicing Wayland/Lincoln/Weston/Sudbury/Newton/Needham/Dedham.

The veterinarian, supported by a CVT, will be responsible for in-home visits with the ability to build their own schedule. We are looking to fill 1 to 3 days/week. Prior mobile experience is not necessary, but a goal-oriented team player with excellent communication skills and a steady work ethic is. Vet Valet has an excellent client base! We provide our patients a full-service experience and are equipped with up-to-date technology to provide ultrasounds, EKG's, blood pressure monitoring, and laser therapy all in the comfort of their home.

Vet Valet is partnered with a brick-and-mortar practice that can be used for collaboration and to refer clients for surgical and other procedures as needed.

The veterinary world has experienced tremendous pressure in the last few years. Many veterinarians are feeling overworked and stressed. The mobile veterinary model is revolutionizing the industry by giving DVMs the ability to sustain a better quality of life and get back to what they love; practicing veterinary medicine while creating strong relationships with owners and their pets.

Compensation commensurate with experience. Could have production bonus potential.

Background;

Vet Valet has been a leader in the mobile veterinary space since 2017 with an excellent client base who are interested in the health and well-being of their pets. We provide our patients a full-service experience and are equipped with up-to-date technology to provide ultrasounds, EKGs, blood pressure, at home monitoring and laser therapy. Vet Valet is also associated with a brick and mortar practice that can be leveraged by the mobile veterinarian as needed.
